

KHUSHI

INTERIOR DESIGNER

ABOUT ME

I am Khushi, an aspiring Interior Designer currently pursuing my studies at SGT University. I completed my 12th grade from Dr. B.R. Ambedkar School of Specialized Excellence, where the curriculum focused on skill-based education. During my studies, I specialized in Digital Media Design, which helped me build a strong foundation in creative thinking and visual design.

I am passionate about creativity and enjoy exploring new ideas through design. I like solving problems through design and creating visuals that are both meaningful and user-focused. My goal is to continuously improve my skills and grow as a creative designer.

SKILLS

| 87%
- Class 10th
Dr. B.R. Ambedkar School of Specialized Excellence
| 77%

EXPERIENCE

Design Intern
Under the guidance of Miss Chavi Nagpal | Gandhi Nagar
| During Class 12

- Completed a design internship where I worked on a Lakmé brand rebranding project. The work involved analyzing the brand's existing identity, identifying its strengths and areas for improvement, and exploring creative strategies for rebranding. I created multiple logo concepts and presented design ideas to enhance the brand's visual identity and overall brand communication.

Design Intern
Boston Consulting Group (BCG) – International Consulting Firm
| During Class 11

- Completed a design internship focused on sustainability, where I worked on a project related to Carbon Footprint. The project involved calculating carbon footprints and creating awareness about environmental impact. Contributed to developing design concepts and visuals to promote sustainable practices.
